V. AREAS OF INTEREST AND EXPERTISE

Provide research-based information, training and technical assistance to support healthy choices and create healthy communities for NH residents. Extension Field Specialists work in partnership with communities to provide programs and resources based on research-based best practices for people seeking better health, organizations supporting well-being, and communities seeking greater resilience. To develop educational programs, instructional design and assessments in multiple delivery formats to meet the needs of people with all aspects of their health including social, emotional, mental and physical well-being.

Current Direct Education Courses (Instructor):

- Boost Your Brain (Instructor)
- Intro to Telehealth (Co-Instructor)
- Master Wellness Volunteers (Facilitator and Guest Instructor)
- Mental Health First Aid (Certified Instructor)

Community Engagement:

- Greater Sullivan County Public Health Advisory Council
- UNH Telehealth Center- Sullivan County Cooperative Extension serves as satellite space in partnership with TPC to unite community residents, providers, faculty, and students through accessible and effective VR-based telerehabilitation and increase opportunities for Rural Adults to have access to needed health care.
